Miscellaneous

- Mains: AC 220-240V +/- 10%
- Power Consumption: 28" - 95 W Normal Operation
32" - 98 W Normal Operation
28" - 5 W Stand by
32" - 8 W Stand by
- Set Weight: 28" - 32 kg
32" - 44 kg
- Weight Incl. Packaging: 28" - 39 kg
32" - 54 kg
- Set Dimension (WxHxD): 28" - 785x503x525 mm
32" - 883x572x556 mm
- Box Dimension (WxHxD): 28" - 934x710x666 mm
32" - 1000x710x710 mm
- TV Colour: Silver Shadow (10811)

Product Highlights

Super Flat Black Line S

Philips TV picture tube with invar mask gives less deformation and therefore can provide 80% more contrast than conventional picture tubes for brilliant colours and minimal reflections, even when viewing in daylight. This Super Flat tube gives a flatter surface for an improved TV design.

Super Flat Black Line FX

A new Philips picture tube with dark glass for better contrast and highly pigmented phosphors giving brighter and more natural colours. This superflat tube gives a flatter surface for an improved TV design.

CrystalClear III

A unique package of picture innovations including combfilter, scavem, and dynamic contrast adjustment giving natural colours, high contrast and high level of details.

Continuous Zoom

Able to expand the picture from 4:3 to 16:9 in many steps so the user can select the best aspect ratio for the material being viewed.

Dolby Pro-Logic 3D Surround

Using full Dolby Pro-Logic decoding, 3D Surround offers a cinema surround sound experience with integrated centre speaker, and without cables and rear speakers.

FM Cordless Kit

Two speaker kit which will upgrade the TV from Dolby 3D surround to full Dolby Prologic. This is done by means of an FM Transmitter which clips neatly on the back of the TV. This transmits the rear sound signal to the rear speakers without the need for any wires between the Television and the rear speakers.

Plug and Play

The ultimate ease of use feature for quick automatic searching, sorting(ATS/ACI) and storing of all the available channels.

100 Page Smart Text

Extremely fast access to many text pages and the ability to scroll through subpages with no wait.

Twin Page Teletext

You can watch 2 pages of the Teletext page consecutively, display on 2 halves of the screen.

Top Controls

Volume and channel change controls on top of the tv to enable easy adjustment without the remote control
